

*SASKATOON DECIDES*

**Dr. Jim Pankiw, MP**

**Saskatoon-Humboldt**

Dear Friend;

Saskatoon has had a casino operating on the Exhibition Grounds since 1969 (full-time since 1992). Administered by the Saskatoon Prairieland Exhibition, profits are used to benefit our entire community.

Despite the extent of corruption and financial scandal that has plagued the Saskatchewan Indian Gaming Authority's (SIGA) administration of casino gaming, the mayor and other SIGA lobbyists are refusing to allow a binding referendum on casino expansion/relocation, and who should receive the profit if a downtown casino project does proceed.

The mayor and SIGA backers are calling those who oppose their scheme "racist", in order to intimidate them into silence. The result is that your views have been completely ignored.

**Now it's your turn to speak out by completing the attached questionnaire and returning it. I'LL MAKE SURE YOUR MESSAGE IS HEARD!**

Sincerely,

A handwritten signature in dark ink that reads "J.K. Pankiw". The signature is written in a cursive, flowing style.
